

# Best children's drink

## Del Monte Fruit Burst from Gerber Juice Company Ltd (UK)

Del Monte Fruit Burst says it is 'Brain Juice for kids!' This is an exciting new juice drink range for 7 to 13 year olds with two strong slogans: 'Fruit-fuel, it's not rocket science' and 'Helps you think when you drink.'

The range comes in five fun flavours developed to meet the taste of its youthful target markets: sherbet lemon oranges & lime, cool cherry & lime, fruity pineapple & raspberry, sour apple & strawberry, and sweet apple & blackcurrant. Del Monte Fruit Burst contains 15% pure juice, no added sugar, is low in calories and contains no artificial colours or flavours.

## Coobo Bottled Bubble Tea Strawberry/Kiwi with rooibos-tea and strawberry-bubbles from Zeekei (Germany)

After nearly 18 months in development, the first bubble tea with fruit bubbles, which burst when chewed, has been developed by Zeekei of Germany. The bubbles are sourced from a certified manufacturer in Europe and use no artificial dyes. Another benefit is the use of rooibos tea, a popular tea from South Africa, which contains no caffeine. The zero gravity technology distributes the bubbles evenly in the bottle. There is no need to use a straw.

## AquaBall Naturally Flavoured Water from True Drinks (USA)

AquaBall naturally flavoured Water was launched in January 2013 as a zero calorie, naturally flavoured and naturally sweetened water drink for kids. AquaBall does not contain high fructose corn syrup, artificial colours or sweetener, and is sweetened with stevia. Each AquaBall is also enhanced with vitamins B6, B12, B3 and C, making AquaBall a great choice for hydration. To make healthy hydration fun, AquaBall is bottled in a patented round 12oz. bottle that is easy for kids to grip, hold and play with. Each bottle is colourfully wrapped featuring characters, princesses and super heroes licensed from Disney and Marvel.

## Super Cuia chocolate-morango from Refriango (Angola)

Super Cuia: is a nutritional juice created for and based on childrens' tastes, providing a balance of fruit juice and vitamins. The drink is promoting 'active child' 'participation within Angolan schools. The chocolate strawberry flavour combines chocolate with fruit juice - a great source of hydration and carbohydrates to keep children active during the day.

## Meiji Anpanman children's milk drinks from Meiji (Japan)

Meiji has used the health related Anpanman character again - this time on products with calcium fortification and milk protein to support bone health in growing children. Improvements in the production method now enable a 120 day shelf life, making distribution via vending machines feasible. Product varieties include strawberry and banana au lait. Sales in this product category have increased by 150%.
